Bekaert offers the broadest range of steel wire products for the power utility market in North America. Our portfolio includes 3, 7 and 19 wire strands as well as various types of staples.

Our strength in electric utility strands is in our extensive coating range. Bekaert offers standardized and certified Class A, B and C galvanized wire that meet the ASTM-A475/363/CSA G12 standards. For superior corrosion resistance Bekaert offers strands coated with Bezinal®, an advanced zinc aluminum coating that meets the ASTM-A855/925 standard.

100% American made and melt

We have the unique ability to control the entire production process and therefore quality of our strands/products. From drawing wire rod to galvanizing and stranding, our strands can be 100% locally produced, if required. As a result, Bekaert is the premier US supplier of galvanized steel wire strands that meet the Buy America Act provisions.
Product range

Coatings:
- Class A, B and C galvanized ASTM-A475/363 and CAN/CSA G12
- 1x3 Ground Wire, 5/16", Class C Grade BB, ASTM A111 and A475
- Bezinal® coated class A to ASTM-A855/925
- Flooded strand to ASTM A640

Bezinal® - superior coating technology

Bezinal® is Bekaert’s industry leading coating technology with unsurpassed corrosion resistance. Bezinal® is a 95% Zinc + 5% Aluminum (+Mischmetal) eutectic alloy that exhibits remarkable corrosion resistant properties by combining passivation corrosion characteristics present with aluminum together with the sacrificial protection offered by the zinc content of the alloy.

Strength grades
- ASTM-A475/363 class A, B and C:
  - Extra high strength, Utility, High strength, Siemens-Martin, Common
- ASTM-855/925 class A:
  - Extra high strength, Utility, High strength, Siemens-Martin, Common
- CAN/CSA G12:
  - 800, 1100, 1300, 1500

Size range:
- 3/16" – 7/8"

Construction and specs:
- 1x3 ASTM-A475/363, ASTM-A855/925
- 1x7 ASTM-A475/363, ASTM-A855/925 and CAN/CSA G12
- 1x19 ASTM-A475/363, ASTM-A855/925 and CAN/CSA G12

Delivery:
- Custom- cut lengths
- Color coded end-caps for grade identification
- Reels or coils:
  - 250’ & 500’ hand coils
  - 1000’, 2500’, 5000’ and 10,000’ standard reels
- Other lengths designed to your needs
