Bruno Humblet, Chief Financial Officer

Introductory remark

The consolidated financial statements have been prepared in accordance with International Financial Reporting Standards (IFRS) as adopted by the European Union. Half year results are unaudited.

All comparisons are made relative to the figures of the first half of 2006.

Combined sales are sales generated by consolidated companies plus 100% of sales of joint ventures and associates after intercompany elimination.

This document contains forward-looking information that involves risks and uncertainties. - Key challenges & Outlook

Sales

⇒ Solid top line growth, both consolidated and combined

Growth for sustainable profitability

- ⇒ Focus on growth markets:
 - Build capacity ahead of market growth, as growth markets attract investments and capacities which also create price pressure
- ⇒ Protect worldwide market leadership position:
 - Have capacity available to be first to capture growth
 - Be most competitive :
 - Operational excellence (cost)
 - Product and process innovation
 - Volume
 - Consolidate if and when opportune
- ⇒ Global footprint decreases impact of regional cycles and contributes to global risk management
- ⇒ Innovation supports broad product portfolio both in mature and emerging markets
- ⇒ Recent targeted acquisitions are very supportive

- Highlights
- Business review
- Financials
- **Key challenges & Outlook**

Key challenges

- ⇒ Capture growth :
 - Further increase production capacity in growth areas (estimated total capital expenditures of € 180 million in 2007)
 - Broaden product portfolio
 - Establish presence in future markets supported by local production platforms:
 - Russia (very slow and difficult process and environment) – long term project
 - India – seize opportunities as they arise
- ⇒ Further defend market positions globally
- ⇒ Invest in innovation (growth and sustaining)
- ⇒ Align organizational set up with growth objectives

Outlook

- ⇒ Material prices will stay high, yet with some regional variances.
- ⇒ North American market conditions will remain challenging (automotive – construction – agriculture).
- ⇒ We will continue our efforts in order to maintain our Latin American leadership positions.
- ⇒ We will further sustain our investment programs, mainly in Asia.
- ⇒ We will remain focused on worldwide operational excellence and innovation for maximum support of the company's growth.
