Utility Staples

Strong, reliable and versatile

1 Easy driving

2 Strong holding power

3 Secures ground wire on the pole

Why choose Bekaert?

Experience in the utility market

Bekaert has the flexibility, the historical background, and the technical skills to create any steel wire no matter what shape, composition or mechanical characteristic. We have been producing continuously for over 135 years and are available in over 120 countries.

The coating specialist

In addition to various steel grades, diameters and shapes, Bekaert offers a wide range of corrosion resistant coatings that provide the best performance, at the best price.

What can we offer you?

Bekaert premium utility staples for the utility market have been optimized to secure ground wire and other stranded products. The staples are manufactured from 8 gauge Benzinal[®] coated wire and feature single or double barbs with sharp right hand cut tips for easy driving.

Bekaert also offers 9 gauge galvanized knurled staples (with grooves along the legs) to ensure a strong hold for your needs.

Bekaert's barbed utility staples are available in short length staples for hardwood posts or longer lengths for softwood species. Our barbed staples are packaged in convenient plastic buckets of 8 lbs and 50 lbs. Knurled staples come in 50 lbs boxes.

Made in the USA

What is Bezinal[®]?

Bezinal[®] is a zinc-aluminum hybrid coating, developed and produced exclusively by Bekaert. The coating exhibits remarkable corrosion resistant properties by combining passivation and sacrificial protection. As a result, Bezinal[®] lasts more than four times longer compared to class A zinc coatings.

Description	Part #	Gauge	Class	Packaging
Knurled 1.25"	118323	9	galvanized	50 lbs boxes
Knurled 1.5"	118324	9	galvanized	50 lbs boxes
Knurled 1.75"	118325	9	galvanized	50 lbs boxes
Double barbed 1.5"	187237	8	Bezinal®	8 lbs bucket x 6
Double barbed 1.5"	147613	8	Bezinal®	50 lbs boxes
